

# Take Style to New Heights

Top off your space with ceiling domes in round or elliptical shapes. Made of lightweight fiberglass, Focal Point domes feature deep details and curves. They add the beauty and depth of tray ceilings but install at a fraction of the cost. Decorative domes are ideal in entryways, hallways and dining rooms.

**Product featured:**

A. Wilton Dome  
License Number 98530

B. Glenburnie Moulding  
License Number 13020

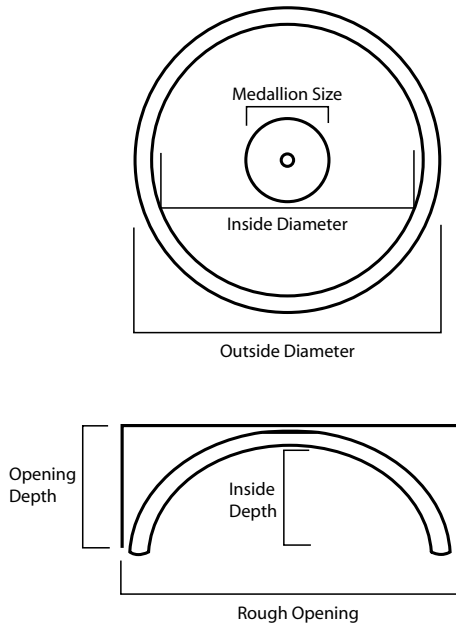

## DOMES

### Features:

- Made of lightweight fiberglass material
- Deep detail and curve
- Available in round and elliptical shapes

Fiberglass domes come with a pre-marked center for easy installation of lighting or medallion.
