## HAND-CARVED ELEMENTS

*Imagine the possibilities of recreating Old World classical style with the ease of White Rivers™ new luxuriant collection. Ironically, architectural design, kitchens, cabinetry, and furnishings that brandish historical European architectural styling may invite an invigorating, playful spirit while endorsing ageless Classical form. White Rivers™ woodcarvings add formative depth, artistic splendor, and immeasurable detail.*

*Envision a simple motif adorning your mantel or rangehood. Light casts its shadows on raised relief in tandem with the sheen of the finish. The texture and ebullience lend endless possibilities – an austere environment or the dynamic archetype of the room “all dressed up” for a party. Endless creative ideas and applications are seen throughout this catalog as glossy photos and renderings.*
