

# METAL BRACKETS

**M**etal brackets are our newest product line! The brackets are extremely durable and heavy duty, ready to hold up any countertop or surface that is put on them. They come in stainless steel as well as rolled steel and are ready to install the moment they arrive. Pre-drilled holes make installation as easy as it gets and all welds are on the back, providing a clean look. All of this combined offers a contemporary, high end, and high quality project that is guaranteed to meet all expectations.
