TONGUE & GROOVE

5TH Wall Designs, LLC offers real Solid Wood Tongue & Groove paneling for your project. Each Panel has a tongue and groove side of the board that forms a “V” joint along the edges to make for an easy installation. These panels can also be supplied with the same tongue and groove across the ends of the board also which is known as “end-matched.”

Description of Product Grades

- Select: Fine, elegant appearance with minimal knots.
- Premium: Sound knots, natural characteristics, and color variations create a warm and inviting look.
- Rustic: A great northwoods feel provided by allowing all natural and processing characteristics of the various wood species. Great for your cabin or rustic room in your home.
