Distressed Finish

497 Celeste in #10 Dune Distressed Finish  
48" Length with shelf only

497 Celeste in #10 Dune Distressed Finish  
60" Length with shelf and corbels

497 Celeste in #10 Dune Distressed Finish  
72" Length with shelf, corbels and arch

## Innovative Options: 497 Celeste Shelf

The Celeste Shelf offers three design choices!  
You have the option of installing just the shelf, the shelf with corbels, or the complete combination of shelf, corbels, and arch.

Pearl's mantel shelves all use a mitered rail system for easy installation. The hollow opening in the back of each design neatly accommodates the rails making these shelves...

### Easy to Hang!

# DONNY OSMOND HOME Heritage Series of Reclaimed Wood— Made in U.S.A.

**DONNY OSMOND** home™  
 BY DONNY & DEBBIE OSMOND  
 MAKING HOME & FAMILY #1

MAKING HOME AND FAMILY #1

DONNY OSMOND HOME HERITAGE SERIES mantel and shelves offer renewed life, durability, and distinction. A story all their own, they're made with reclaimed wood salvaged from century-old structures. Naturally weathered, the timeless beauty of this reclaimed wood is unmistakable. The finishes are all natural and VOC-free. Unfinished shelves are ready for paint or stain to suit any décor.

810 Mantel Shown in Oak Driftwood Finish

## Reclaimed Wood Mantel

**No. 810\***

Available in unfinished Oak, Wheat Finish on Oak, or Driftwood Finish on Oak

*\*As each piece is different and hand crafted, appearance, measurements and weight may vary from published information.*

### About Reclaimed Wood

*Each piece is a meticulous labor of love. Handmade from vintage wood preserving the natural splits, knots, nail holes, etc., from the original wood surface.*

Reclaimed from Antique Barn Wood

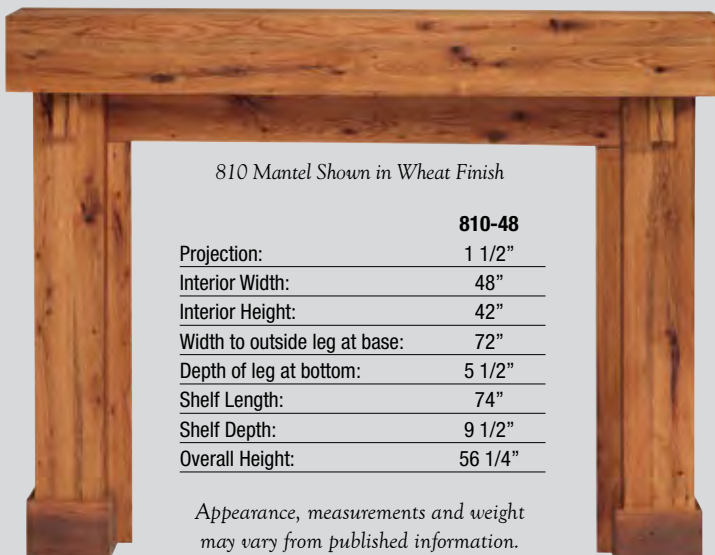

- The age and tannins in the wood will accept stain differently and stain variations are common and acceptable. Size variations are also common.
- No two pieces will look exactly alike—individual masterpieces.
- Because each piece is unique, measurements may vary up to 3/4 inches.
- Pictures are representative. Finish and physical appearance may vary.
- Some finishes may be lighter or darker than the picture.
- Each piece is handmade retaining natural splits, knots, nail holes, etc. from the original wood surface.

## Reclaimed Wood Shelves

### No. 820\*

Available in unfinished Oak or Heart Pine, or in three hand-applied and hand-rubbed finish colors: Wheat on Oak, Driftwood on Oak, and Autumn on Heart Pine

	820-48	820-60	820-72
Top Shelf Length:	48"	60"	72"
Top Shelf Depth:	8 1/2"	8 1/2"	8 1/2"
Bottom Base Depth:	8 1/2"	8 1/2"	8 1/2"

\*Because reclaimed wood is not uniform, sizes may vary slightly from printed measurements.

The age and tannins of each reclaimed board affect how the wood will accept stain. Color variations within a piece and sometimes each board are common and add to the unique character of your "one of a kind" masterpiece.

Corbel Height:	9"
Corbel Depth:	9"
Corbel Width:	4"
Overall Height w/o Corbel:	4"
Overall Height w/ Corbel:	13"
Weight:	96 lbs.

Order by color and length.

Made to order. Minimum 2 week leadtime.

Actual finish colors and distressing may vary from photos.  
Finish samples available.

Because each piece is individually hand crafted and poured, overall measurements may vary up to 1/2" and we recommend that the mantel shelf and corbels be installed first, then install the stone around the shelf. This insures a secure fit for the mantel and brackets. Lead time 2 weeks.

Installation is done following a 3 step plan. It is recommended that 2 people be available for installation.

**Note:** We suggest consulting a local expert if you are unfamiliar with masonry assembly and installation.

Masonry installation: Install corbels onto the masonry by attaching the brackets with 3/8" x 4" lag screws using suitable anchors. You will need 2 per corbel. For even weight distribution of the shelf, mount corbels approximately 12" in from each end on the 5 ft. shelf and 18" on the 6ft. shelf. After corbels are installed apply mortar or construction adhesive, per manufacturer's product instructions, to the top of each corbel and to the back of the shelf. Set mantel on top of corbels, arrange so that it is centered on the corbels and press against the wall. If necessary, clean with a slightly dampened cloth. Commercial cleaning products are not recommended.

If this is new construction, the stone will go over the brackets keeping them out of sight.

If this is a retrofit, use any stone parts that were chipped out in order for the shelf to fit to hide the brackets.

If installing to drywall, it will be necessary to cut the drywall away and install additional blocking between the studs to support the weight of the corbels and shelf. Hide the corbel brackets when reinstalling the drywall or hide with whatever material you may be using over the drywall (i.e. stone veneer, tile, etc.)

Because each piece is individually hand crafted and poured, overall measurements may vary up to 1/2" and we recommend that the mantel shelf and corbels be installed first, then install the stone around the shelf. This insures a secure fit for the mantel and brackets. If there are any gaps, they should be filled with mortar joint.

Please consult a professional if necessary.

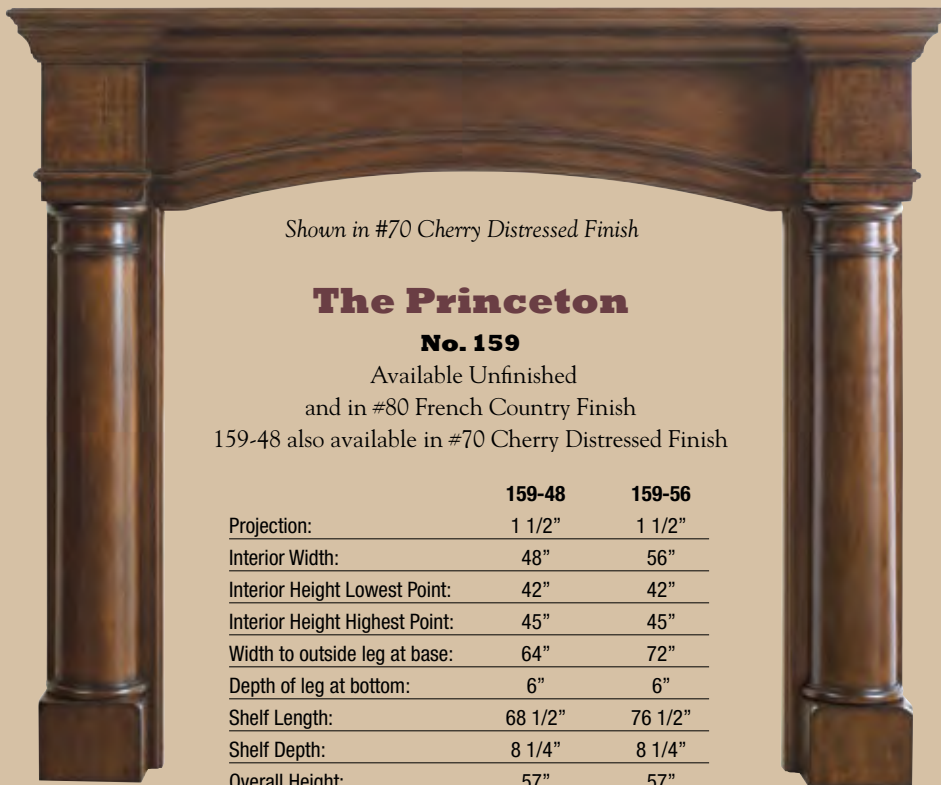

## 3 - Step Installation:

**1.** Attach corbels to masonry or blocking using 4 - 3/8 x 4" lag screws

Actual finish colors and distressing may vary from photos.
